International Beatles Bootleg Newsletter:

# Belmo's Beatleg News The Complete Anthology

**Volume Two: 1994 - 2001**

The "Golden Age of Beatlegs" was upon us by 1995 and peaked by the end of the 20th Century. Studio outtakes, demos, live concerts and hundreds of rare tracks abounded. This volume features reviews of all of these groundbreaking Beatlegs. Including: "The Get Back Journals", "Songs For Patti", "Beware of Abkco", "Imagine All The Outtakes...", "Sessions", "The Complete BBC Sessions", "Thirty Days", "Absolute Elsewhere", "Revolution", "Artifacts II & III", "Can't Fight Lightning", "One Hand Clapping", "Unsurpassed Masters", "The John Barrett Tapes" and many more. There were great releases by newcomers such as Great Dane, Big Music, Pegboy, Yellow Dog, Yellow Cat, Vigotone, Secret Trax, Silent Sea, Voxx and Strawberry Records. Updates and new articles are included in this edition. As well as the usual Belmo goofiness.

"I bootleg other people's concerts, but shhh, don't tell anyone."
